

Two Month Moving Countdown

Use this moving planner to keep track of your move in the months leading up to the big day.

8 Weeks Out: Schedule an In-Home Estimate

- Call AZ Active Movers and setup a date for a move coordinator to visually survey your home and prepare an estimate.
- If your company is paying for your move, refer to their moving policy to determine the services the mover will be authorized to perform.
- Do you want to do any of the packing—or will you have it done by our crew? Your move coordinator will be fully prepared to discuss packing services with you.
- Show the agent everything that is going to be moved. Any items you fail to disclose or that are added later to the shipment may increase the cost, even if you have been given a binding estimate.

7 Weeks Out: Sign your estimate and book your move

- Sign your Estimate/Order for Service after you are sure you have a clear understanding of the entire document. Have questions? Ask us! We are here to help every step of the way.
- Lock in your move-out date and confirm your moving plan when you officially book your move.
- Keep the phone number and name of your move coordinator handy; feel free to ask questions or request more moving tips.

Two Month Moving Countdown

Use this moving planner to keep track of your move in the months leading up to the big day.

6 Weeks Out: Notify Your Utilities and Service Providers

- Notify the post office that you are moving. An online Change of Address form is available on the United States Postal Service website.
- Change your address with your banks, insurance providers, credit cards and magazine subscriptions.
- Update your information with doctors, lawyers, accountants and any other professional services.

5 Weeks Out: Determine what to toss, sell or give away

- Go through every room in your house to sort through what will move with you and what will not.
- Have a garage sale or online auction to dispose of any unwanted items.
- Donate your unwanted clothing, furniture or other household goods (pots, pans, dishes, bedding, etc.) to your favorite local charities. Don't forget to grab receipts showing the items' approximate value for possible tax deductions.

4 Weeks Out: Check in with your mover

- Notify your move coordinator if you add or subtract items from your planned move or if there are any changes in dates.
- Be sure to supply your move coordinator with the destination address and phone numbers where you can be reached.
- Confirm any extra stops required to pick up or deliver goods to a location other than the main pickup or delivery points – make sure this step is listed on your personal moving planner.
- If your car is being moved, be prepared to drive it to a loading site for auto transport. Also be prepared to pick up your car at your destination location.

Two Month Moving Countdown

Use this moving planner to keep track of your move in the months leading up to the big day.

3 Weeks Out: Prepare your friends and family

- Make family travel plans. Reserve hotel rooms and airline tickets.
- If driving, have your car serviced for the trip (check tires, brakes, windshield wipers, fluids, belts, etc.).
- If you are flying, make sure you have your airfare and other necessary transportation booked.
- Book any hotels or stops you'll need to make along the way.
- Think about what items you'll need with you for the trip and for your first night in your new home. Set them aside so they don't accidentally get packed.
- If you're packing yourself, get a head start now so you aren't overwhelmed at the last minute. Books, out of season clothes and decorative items are a great place to start.
- You must dispose of flammables such as fireworks, cleaning fluids, matches, acids, chemistry sets, aerosol cans, ammunition and poisons such as weed killer. Drain fuel from your power mower and other machinery and tighten all gas caps. Discard partly used cans of oil, paint, thinner, bleach or any other substances that may be flammable or combustible or those stored in containers that may leak. Please read the complete list of non-allowables.
- Discard propane tanks which are used for barbecue grills.
- Set an appointment with a service technician to prepare your major appliances for shipment, or have your agent send someone out who is authorized to perform this service.
- Set a date for having utilities disconnected. If possible, plan to keep utilities in service through moving day.
- Have rugs and draperies cleaned. Leave both wrapped when they are returned from the cleaners.
- Obtain a written appraisal of antique items to verify value. Avoid waxing or oiling wooden antiques (and fine wood furniture) before moving because some products might soften the wood, making it vulnerable to imprinting from furniture pads.

Two Month Moving Countdown

Use this moving planner to keep track of your move in the months leading up to the big day.

2 Weeks Out: Plan for your pets

- Make sure you have made travel plans for your pets. If you need to board them or leave them with friends, confirm those plans now.
- Take your pets to the vet and make sure you have any required health certificates or inoculations – every state has different requirements.
- Return anything you have borrowed from friends or neighbors, including library books.

1 Week to go: Last minute details

- Be on hand when the service representative arrives to prepare your appliances for shipment.
- Make sure that all mechanical and electrical equipment is properly serviced for shipping prior to the arrival of the moving truck. As always, reach out to your move coordinator with any questions.

1 Day Away

- Point out any extra-fragile items needing special attention. If certain items should not be packed or moved, mark them appropriately.
- Label any items or boxes you will want first when the truck arrives at your new home (valuables, electronics, etc.).
- If you are doing your own packing, make sure everything is ready to go before moving day. Upon arrival, the van operator will check to see if boxes have been properly packed.
- If AZ Active Movers is helping you pack, collect things you definitely want packed together, such as children's toys, and place in separate groups.
- Unplug all electronic appliances 24 hours in advance of a move, so that they will be at room temperature on moving day.

Two Month Moving Countdown

Use this moving planner to keep track of your move in the months leading up to the big day.

Moving Day

- Make it a point to be on hand to see that all of your goods are loaded; remain close by until loading is complete. Before our driver leaves, make a final tour of the house, confirming that all items have been loaded up for the move.
- Check in with your move coordinator and ask any important questions about your moving services.
- Give our driver the exact destination address.
- Be sure to let our driver know how you can be reached, including phone numbers, pending the arrival of your belongings at your new home.

One last look around...

- Water shut off?
- Furnace and air conditioner shut off?
- Light switches turned off?
- All utilities arranged for disconnection?
- Windows shut and locked?
- Old house keys surrendered?
- Have you left anything?

Two Month Moving Countdown

Use this moving planner to keep track of your move in the months leading up to the big day.

Delivery Day

- The driver will attempt to contact you by phone and may stop by your new home. Be on hand within the free waiting time to accept delivery. If you cannot be there in-person, authorize an adult to be your representative to accept delivery and pay the charges for you.
- If you or an authorized individual cannot accept delivery of your belongings you may request more waiting time until the delivery can be made.
- Check your household goods as they are unloaded. If there is any change in the condition of your property from what is noted on the inventory, note discrepancies with your move coordinator.
- Each piece of furniture will be placed as you direct, If you would like for your mattresses to be unpacked or appliances to be installed, check with your move coordinator. They can help you arrange for additional moving services.
- It always helps to have a guide. Place a floor plan of your new home by the entrance, which the movers can use to determine where each piece of furniture should go.
- Keep all documents pertaining to your move in a safe place. You will need them for verification of moving expenses when you file your federal income tax returns.
- To help avoid possible damage, leave appliances and electronics turned off for approx. 24 hours while they adjust to new room temperatures.
